

PERFECT PEGS
Ceramic Firing Pegs

Perfect Pegs, ceramic firing pegs, hold crowns and bridges in place in a porcelain furnace. They provide stability and allow for close placement. Perfect Pegs are excellent for use with Emax and Zirconia restorations.

Perfect Pegs Advantages:

- ✚ Excellent for use with Emax and Zirconia restorations
- ✚ Allow close placement for crowns & bridges
- ✚ Provide stability
- ✚ Can be fired up to 2200° Fahrenheit
- ✚ Come in 3 different shapes
