

PERFECT TOUCH MICRO APPLICATOR BRUSHES

Perfect Touch Micro Applicator Brushes are used for placing etchants, sealants, and bonding agents. These brushes are bendable in any direction to allow precise application in hard-to-reach areas. The fibers hold solutions, so there is no spilling, dripping, or waste. They are disposable and are intended for one use only.

ADVANTAGES:

- Lint-free brush tip
- Non-absorbent
- Bendable

Purple – Fine
